

## 4th Annual SchoolArts

# Artist Trading Cards Contest

**Y**ou and your students are invited to enter the fourth Artist Trading Card Contest sponsored by *SchoolArts*. Artist trading cards are miniature works of art, always 2½ x 3½" (6 x 9 cm), and are traded by all ages. They can be about anything and made with any media, materials, or techniques, but should fit into a trading card plastic sleeve. They can be produced as one-of-a-kind originals, in limited editions, or in a series based on a particular theme or subject. It's all up to the individual artist. Go to the next page to find a template you can copy and share with your students.

**Best in show winners will be chosen from each of the following six categories:** early elementary (grades K–2), upper elementary (3–5), middle school (6–8), high school (9–12), preservice art education college students, and K–12 art teachers.

Winners in each category will be published in the April 2010 issue of *SchoolArts* and displayed at the 2010 National Art Education Association convention in Baltimore, Maryland. Each winner will receive a \$100 Davis Publications gift certificate for his or her classroom, art materials from leading manufacturers, and a complimentary April 2010 issue of *SchoolArts*.
