

Davis Digital

For traditional, online, or hybrid classroom models.

Davis Digital is an online platform that provides access to our rich, meaningful instructional materials, lessons, and teaching resources. With added features and flexibility, our comprehensive platform is designed specifically for K-12 educators. In addition to K-12 lesson plans and instructional content for students and teachers, the Davis Digital platform provides full access to thousands of fine art images from around the world. You'll also enjoy tools for lesson planning and delivery, and online portfolios to showcase student work.

Your Class purchase includes:

- Instructional content for both student and teacher
- Davis Art Images Subscription
- Downloadable lesson plans
- Teacher Resources (digital), including downloadable and customizable assessments
- Portfolios for teachers and students
- Planning and presentation tools
- 2, 4, 6, or 8-year license
- 30 student accounts with the ability to purchase as many additional accounts as needed.
- One-year digital subscription to *SchoolArts* magazine

eBook page with easy access to images shown.

Search images using a variety of filters including artist name, location, media, museum, subject, style, and more.

Translation Capability

Built-in translation tools ensure all students and families can fully engage with creative learning. This functionality supports inclusive classrooms, enhances communication, and provides equal access to artistic expression and education for all learners.

Student and Teacher Instructional Content

- Access lessons, lesson plans, and thematic content from anywhere with an internet connection.
- Zoom in on any image up to 300%
- View thumbnails of every page
- Search any keyword, such as artist or theme
- Share lessons with colleagues, parents, or teachers
- Access Teacher Resources, including customizable assessments
- Designed to work with a wide variety of devices and presentation tools.

Davis Art Images Subscription

Access the full library of thousands of fine art images right from the student and teacher books. Or search the complete collection from the images home page.

Portfolios

- Teachers and students can easily create **custom** online portfolios.
- Share student artwork and important information about your art program with students, colleagues, supervisors, parents, and community members.
- Assess student progress and accomplishments.
- Extend learning by easily adding links to videos, galleries, websites, and other lesson resources.

Lessons

- Gather all of the content you need to introduce students to a new project or lesson in one place.
- Easily search content in one or all of your Davis eBooks.
- Quickly and easily add content from your eBooks, images, videos, and slideshow presentations to any lesson.
- Download lesson plans for your LMS system.
- Collaborate with colleagues to create shared lessons, district-recommended curriculum, or assessments.
- Keep required standards, essential questions, or learning outcomes visible at all times by adding them to your custom lesson.

Student Accounts

- Allows students to access their eBook anywhere with an internet connection.
- Easily search content for assignments and further research.
- Create and share Portfolios to document artwork and progress or collaborate on group projects.
- Allows access to teacher-created lessons in Lessons to implement “flipped classroom” or blended learning strategies.
