

TABLE OF CONTENTS

Series Preface	iv	Chapter 2	26
Editor’s Introduction	v	Developing a Sound Assessment Practice	
Author Biography	viii	A Sound Assessment Practice Is Aligned to Goals	27
Acknowledgments	ix	A Sound Assessment Practice Is Meaningful	28
Introduction	2	A Sound Assessment Practice Is Responsive	31
Chapter 1	3	An Example of Responsive Assessment	31
Developing a Student-Centered Assessment Practice			
What Is Assessment?	9		
What Is the Point of Assessment?	11	Chapter 3	36
Assessment: Who Decides?	14	Designing for Alignment	
Assessment as a Practice	20	Clarifying Instructional Goals	37
Complex Challenges	20	Designing for Alignment	45
Dynamic Spaces	23	Learning Activities	52
Conclusion	24	Conclusion	55

Chapter 4	58	Learning Activities to Support Instructional Goals	91
Why Assess Habits and Dispositions?		Teaching the Disposition 411	93
What Is a Disposition?	60	Making Thinking Visible	94
Why Teach for and Assess Students' Dispositions?	63	Using Questions That Invite Thinking	96
How Can Habits and Dispositions Be Assessed?	64	Conclusion	98
Clarifying Instructional Goals	65		
Chapter 5	70	Chapter 6	100
Strategies for Assessing Habits and Dispositions		Feedback That Fuels Learning: Qualities of Effective Feedback	
Aligning Assessments to Instructional Goals	71	Qualities of Effective Feedback	103
Documenting Observations	72	Referencing a Clearly Articulated and Specific Learning Goal	104
Prompting Student Reflection	76	Separating Feedback from Evaluation and Grading	105
Example 1: Building Prompts for Evidence Directly into a Rubric	81	Offering Feedback at the Right Time	108
Example 2: Asking Students for Evidence of Specific Dispositions	81	Reducing the Perceived Threat	111
Example 3: Asking Students to Create a Portfolio of Evidence	83	Giving Feedback Efficiently	113
Sharing Student Progress with Others	86	Narrow the Focus	114
		Use Technology in New Ways	114
		Engage Students in Peer Feedback	115
		Conclusion	115

Chapter 7	118	Chapter 8	138
Feedback That Fuels Learning: Feedback within Relationships		Grading and Assessment Are Not Synonyms	
Acknowledging Our Power	119	What Is Grading?	139
Increasing Students' Autonomy	124	Grades Are Symbols	139
Involving Students in Setting Goals for Learning	124	Grades Are Assigned by Educators	140
Refusing to Be the Judge	126	Grades Are Assigned Based on Student Work or Performance	142
Facilitating Meaningful Peer Feedback	128	Grades Are Created for Report Cards and Other Summary Documents	145
Teaching to Observe	130	Grades and Learning: A Complicated Relationship	148
Encouraging Students to Depend on Their Peers	131	Making Grades Meaningful	151
Helping Students Identify Need	131	Increasing Trust	153
Evaluating Feedback	132		
Conclusion	136

Chapter 9	156	Appendix A	182
Grading Practices and Scoring Tools		Assessing the Six Facets of Understanding	
Aligning Grading Decisions to Instructional Goals	157	Appendix B	186
Making Grading Decisions	162	Planning for Alignment Among Goals, Assessments, and Learning Activities	
Selecting and Designing a Scoring Tool	165	Appendix C	188
Checklists	165	Descriptions of Behavior Aligned to the Studio Habits of Mind	
Rating Scales	166	Appendix D	192
Rubrics	167	Professional Dispositions Checklist	
Combining Scoring Tools	175	Appendix E	196
Conclusion	179	Example Rubric for Creative Thinking	
Afterword	180	Appendix F	200
		Example Rubric for Sketchbook Analysis	
		Appendix G	204
		Objectives to Grading (Completed)	
		Appendix H	208
		Objectives to Grading (Blank)	
		Glossary	212
